

DISASTER RELIEF

Campers On Mission often participate in disaster relief operations usually resulting from natural calamities. In Florida, these ministries are organized and managed by the Florida Baptist Convention in Jacksonville. You can help by working in Logistics, Food Services, Clean Up Recovery, Temporary childcare, Administration Support, Chaplaincy, etc. All these require training as specified by Southern Baptist Disaster Relief, Florida Baptist Disaster Relief and are provided at very low cost to you by the convention. For further information and training schedule. Please go to the website www.flbaptistdisaster.org or call 1-800-226-8584, to find out how you can qualify as a disaster relief volunteer.
